If Yes, detail what symptoms and when \_\_\_\_\_

3. In the last two weeks have you or any co-habitees been self-isolating /shielding?      Yes  No

If yes, please provide details: \_\_\_\_\_

4. Will the distance you travel to the medical at North Tees Hospital exceed 40 miles?      Yes  No

5. Will you use public transport to attend (Public transport is to be avoided)?      Yes  No

What is your Licence type and what flying / ATCO duties do you perform?

\_\_\_\_\_

From any existing medical certificate, list expiry dates of the respective classes of medical:

\_\_\_\_\_

Why do you require a medical rather than using the CAA extension ([www.pilotmedical.co.uk](http://www.pilotmedical.co.uk) 'Covid')

\_\_\_\_\_

By arranging and attending an aviation medical examination you understand / agree that:

You will report any change in circumstances (particularly symptoms) before the medical takes place.

You will attend alone (unless a chaperone is required in which case a member of your household will attend to chaperone with you).

You will be fully informed of any change in the health status of the AME.

You will undergo a temperature check at the beginning of the medical examination.

You will be required to wear a facemask (which will be provided) during the medical.

You will have contact with only one person (the AME) who will also wear appropriate PPE.

Appropriate precautions will have been taken in the Covid Green (negative) clinical area where the medical is conducted (cleaning and disinfection of surfaces and equipment etc).

Physical distancing will be maintained throughout except where physical examination requirements prevent distancing at which time risk will be mitigated by PPE use.

The medical appointment can be cancelled / delayed by either party at any time as required.

Dr Justin Carter  
Consultant Cardiologist  
Aviation Medical Examiner (AME)
